

Village of Clarendon Hills - New Water Service & Meter Agreement

(Reference: Chapter 9 of the Village Municipal Code)

WS

Address of Real Estate

_____ street number

_____ street name

Conditions

All applicants for building permits in the Village of Clarendon Hills, Illinois must read and agree to the following:

RESIDENTIAL PROPERTY

A new water service and meter (either 1" or 1 1/2" diameter) will be required to be installed if the plans for the new home, addition, and/or remodeling project involve the installation of water fixtures, including but not limited to toilets, sinks, bath tubs, showers, dishwashers, Jacuzzis, laundry tubs, and/or washing machines. Appendix A - Table N of the 1998 Illinois Plumbing Code dictates the required size of the new water service. **As the general contractor for the Owner or the Owner's Authorized Agent, I declare that the Owner has been fully informed of this requirement and is fully apprised of its economic implication for this specific property.** I am also fully aware that when the project has been completed the issuance of a certificate of occupancy (C/O) is dependent upon compliance with this requirement. If my property is not in compliance, I agree to do what is necessary to bring it into compliance.

The new water service must extend from the water main in the public right-of-way, which must be re-tapped to the correct size with a direct tap on 10' or larger water main and brought to the new water meter. The new water service must be installed prior to requesting a rough plumbing inspection.

COMMERCIAL and INDUSTRIAL PROPERTY

Installations of a new water service and meter must be completed for all commercial and industrial properties when plumbing changes are of the extent that the 1998 Illinois Plumbing Code dictates that a larger service is needed. The required backflow preventer must be the same size as the incoming water service line. Questions concerning backflow preventers can be directed to the Public Works Department of the Village.

Acknowledgement by Applicant

I hereby acknowledge that I have read and understand these conditions and consent to pay any and all applicable costs.
